RECOVER BODY OF YOUTH WHO DROWNED IN DAM MONDAY EVENING

The body of Harry Stein, Jr., 14, son of Mr. and Mrs. Harry Stein, Sr., of Pleasantville, York county, who drowned in Conewago creek while swimming two miles above Dick's dam Monday evening, was recovered at 9:15 p. m. Wednesday night.

State police said the body had risen nearly to the surface, and was found by two swimmers. Two York men, Robert L. Jump, 43, of 333 Princess street, and Richard Hake, 29, of 468 Chester place, manned a boat and removed the body to a nearby wharf.

Dr. Chester G. Crist, Adams county coroner, went to the scene and issued a certificate of death due to accidental drowning. He released the body to Guy Creep, York undertaker.

Open Dam Sluice

Police said the body was recovered about a quarter of a mile above the stone bridge, near Dick's dam, and three-quarters of a mile downstream from the point where Stein went in swimming. Volunteer firemen from Gettysburg, New Oxford, McSherrystown, Hanover and other places had dragged and grabbed for the body since Monday night.

Police said that volunteers manning a net earlier in the day had probably had the body in the net but lost it.

Father At Scene

Stein, the Rev. Emmanuel Hoover, pastor of Mt. Zion Lutheran church, York R. 7, and Paul Garbrick, 19, of York R. 5, had gone to Dick's dam Monday evening to see about the use of a camp for a boys' club from Rev. Hoover's church for a week-end in August. Stein went in swimming against the advice of Garbrick, police said, who was a good swimmer, but was unable to save the younger boy when he was taken with a cramp.

The drowned boy's father was at the scene when his son's body was recovered.

Give Refreshments To Workers

The canteen committee of the Adams county chapter of the American Red Cross took sandwiches, cold drinks and coffee to the men working at the dam Wednesday afternoon. Nine gallons of coffee used was donated by the Shetter house.

Members of the Ladies' Auxiliary of the McSherrystown fire company set up a canteen from which coffee and sandwiches were served Tuesday. The New Oxford Lions club was doing similar work Wednesday.

Rites Tomorrow

Funeral services for the youth will be held Friday afternoon at 2 o'clock from the Guy B. Creep funeral home, 849 East Market street, York, with interment in Mt. Rose cemetery, York. There will be no viewing.

Officiating will be the Rev. Jerome Stambach, pastor of Bethany United Brethren church, York, assisted by the Rev. Emanuel J. Hoover, Lutheran pastor of Mt. Zion church. The Rev. Mr. Hoover had accompanied the youth to Dick's dam Monday.

Surviving are the parents, Mr. and Mrs. Harry R. Stein, York R. 5; the parental grandparents, Mr. and Mrs. James A. Stein, Sr., York; the maternal grandmother, Mrs. Dora Ort, York, and the maternal great-grandmother, Mrs. Alice Rohrbach, York.

PLAN CAMPFIRE SERIES OPENING SUNDAY EVENING

Dr. Frederick Tilberg, historian of the Gettysburg National park, today announced that the annual campfire programs held by the park service on the battlefield during the summer months will begin Sunday evening. The series will conclude August 28.

Each of the Sunday night programs will begin at 9 o'clock at the usual site atop East Cemetery hill near the entrance to the National cemetery.

This Sunday, Paul Favour, park naturalist from Shenandoah will give an illustrated talk on "Shenandoah National Park Trails." Next Sunday, July 31, Vernon S. Lunt, superintendent of the Gettysburg National cemetery and formerly a ranger at Acadia National park, will give an illustrated talk on "Natural Life in Acadia National park."

August 7 Dr. C. Max Bauer, geologist of the National Park Service, will talk on "Scientific Wonders of Yellowstone." His talk will be illustrated by slides. August 14 a motion picture in sound and color will be shown. Entitled "California and Its Natural Resources," the picture was made by the U. S. Bureau of Mines in cooperation with the Richfield Oil company. The motion picture is 41 minutes in length.

Ronald P. Lee, chief historian of the National Park Service, will give an illustrated talk on "History Written upon the Land," at the August 21 campfire program and a motion picture "Arizona, It's Mineral Resources and Scenic Wonders," will be shown August 28. The 40-minute picture was made by the U. S. Bureau of Mines and Phelps, Dodge corporation.

COUPLE WEDS AT WEST FAIRVIEW

Miss Darlene C. Sanders, daughter of the late Mr. and Mrs. J. Marshall Sanders, Gettysburg, and Albert Shugart, son of Mr. and Mrs. John Hemmer, Harrisburg, were united in marriage Wednesday evening at 7 o'clock in the United Brethren church, West Fairview. The double ring ceremony was performed by Rev. John I. Green, pastor of the church.

During the ceremony Reginald Dunkinson sang "I Love You Truly" and "O Promise Me."

The bride was attired in a white tulle gown with a white sash and carried a white Bible with an orchid. Miss Helen Olinger, her attendant, wore a gray suit with white accessories and a rose corsage.

John Hemmer, brother of the groom, was the best man. The ushers were Samuel Morrow, Harrisburg, and Richard Sanders, Gettysburg. A reception followed the ceremony at the Church house.

Mrs. Shugart graduated from Gettysburg high school with the class of '48. She is employed with the agriculture department, Harrisburg. Mr. Shugart is employed at Loew's theatre, Harrisburg, and is training for assistant manager of the theatre. The couple will reside on Derry street, Harrisburg.

GUIDE'S BACK IS BROKEN AS AUTO TOURING 'FIELD IS HIT

Six persons were injured, several of them seriously, in two automobile accidents near Gettysburg late Wednesday.

A station wagon driven by Francis R. Steinour, 21, of Gettysburg R. 3, going north on the Mummasburg road, struck the right side of an automobile operated by John J. Eldred, 68, of Carrollton, Ill., as the latter car was crossing the highway from Buford avenue on the battlefield toward the Peace Light, state police said.

The Eldred family was making a tour of the battlefield, accompanied by John Hamilton, 63, battlefield guide, of 74 Springs avenue. Hamilton was thrown from the car and state police said he suffered a fractured vertebra of his back, cerebral concussion, fractures of four ribs on the right side, laceration of the scalp, fractured collarbone and bruised burns.

Others Injured

Others riding in the Eldred car who suffered injuries were:

John J. Eldred, the driver, cerebral concussion, a laceration of the scalp, contusions of the chest, possible fracture of the left collarbone and bruised burns.

Harriet W. Eldred, 54, his wife, cerebral concussion and possible fracture of the skull.

Mary Eldred, 17, daughter, lacerations of the upper right arm and bruises of the right leg.

Damage Bill \$550

Steinour escaped injury, according to police, but his wife, Betty M. Steinour, 19, riding in the front seat of the station wagon, suffered lacerations of the face. She was treated at the Warner hospital and discharged. The others remained as patients at the hospital.

Damage to the Eldred car was estimated at \$550.

Inquest Tomorrow In Schultz Death

State police said today that Nelson E. Schultz, 26, of Orrtanna R. 1, blind driver whose truck upset Monday morning, killing his younger brother, Barry, aged 4, will not be charged until police have had an opportunity to study the findings of a coroner's jury. An inquest will be held Friday afternoon at 3:30 o'clock at the court house.

Previously it had been announced that Schultz would be charged with allowing an unlicensed person to operate his truck, and Schultz' 11-year-old brother, Merle, with operating without a license. Police said Nelson sat behind the wheel of his truck operating the pedals while Merle did the steering at the time of the fatal accident.

STATE SURVEY ON EMPLOYMENT SHOWS DECLINE; 17 PCT. IN ADAMS

Adams county showed a 17 per cent increase in unemployment as of June 1, 1949, compared with the employed on June 1, 1948, the Associated Press said today in a statewide survey based on figures reported by the Federal Reserve Bank of Philadelphia.

The greatest decline in factory employment in the state was in Crawford and Erie counties. The bank said some 24,000 workers were dropped from payrolls in the state during May with about 23 per cent increase in unemployment in these two counties.

The bank pointed out that its samplings of factories throughout the state do not take into consideration the possibility that a worker reported dropped from one factory payroll may have obtained work in another plant, not covered by the survey.

Wages, Hours Down

Total weekly wage payments and man hours in the state declined three per cent, employment was down 11 per cent, payrolls 10 per cent and work time 15 per cent. The decline was largely in factories producing durable goods. Small increases were reported by food, apparel, rubber and leather manufacturers. These groups, with the exception of food, declined all through 1948, and only in recent months showed some increases, the bank said.

The survey showed average hourly earnings continued at about \$15.44, but a fractional decrease in working time resulted in a 50 per cent drop in weekly earnings to \$50.93.

Unemployment increases, based on comparison of June 1, 1949 employed with those of June 1, 1948, included York county, 17 per cent; Franklin county, 14 per cent; Lancaster county, nine per cent; Cumberland county, eight per cent.

Germ Warfare Project At Camp Detrick Has Problem

Washington, July 21 (AP)—The military's bacteriological warfare plant is faced with the same problem perplexing the atomic material factories—disposal of highly dangerous waste products.

This came to light today in an army report disclosing new details on the operation of the germ warfare research project at Camp Detrick, Md. That is where the army started the bacterial warfare project during World War II and the laboratory currently is the only one operated by the military.

"Both the sewage which is extremely virulent and the air which comes in contact with it must be sterilized to prevent contamination of operating personnel at Camp Detrick, and of citizens and property of the adjacent community," the army states.

HEART ATTACK CLAIMS LIFE OF C. C. BREAM, 75

Charles Clifford Bream, 75, of 102 East Middle street, died at the Warner hospital Wednesday evening at 11:15 o'clock from a heart attack.

He was admitted to the hospital on July 9 after contracting virus pneumonia.

Mr. Bream was born in Cumberland township on August 19, 1873, a son of the late Jacob F. and Harriet (Ogden) Bream. A farmer in his earlier years, he later operated a wagon and farm implement business here.

C. C. BREAM

Treasurer of Elks

He was house manager for the Gettysburg lodge of Elks until retiring in 1946 and at the time of his death was treasurer of the lodge, a position he held for 15 years. He was exalted ruler of the lodge in 1921-22.

Mr. Bream was widely known as a public sale clerk and in that capacity had helped conduct hundreds of public sales in many parts of the county.

Wife Died In '46

The deceased was a member of St. James Lutheran church, the Elks, Washington Camp 414, P.O.S. of A. and Adams lodge 325, Knights of Pythias, Arendtsville.

Surviving are three children, Mrs. S. Huber Heintzelman, at home; C. C. Bream, Jr., Fairington, Va., and Don D., (sports editor of The Gettysburg Times), at home; five grandchildren, and four sisters, Mrs. Mahlon P. Hartzell, East Lincoln avenue; Mrs. Henry Manken, Woodbine, Md.; Mrs. Robert B. Diehl, East High street, and Miss Nellie M. Bream, Philadelphia. His wife, the former Amber L. Diehl, died November 4, 1946.

Services Saturday

Funeral services Saturday morning at 10:30 o'clock from the Bender funeral home conducted by the Rev. Dr. Ralph R. Gresh. Interment in Evergreen cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

Members of the Elks lodge are requested to meet at the home Friday evening at 7 o'clock from where they will go to the funeral home to view the body.

PHILADELPHIANS SEEK DAMAGES

An action in trespass has been filed in the prothonotary's office by Charles W. Thompson, Philadelphia, and others, against Richard M. and John W. White of Fairfield to recover damages resulting from an automobile accident on August 21, 1948.

The plaintiffs, in addition to Thompson, include his wife, Florence, driver of the Thompson car; Edward Graff, Gail Brown, and George N. and Esther Brown, parents of Gail, all of Philadelphia.

Thompson and his wife are represented by Attorney Eugene V. Bullett. The defendants are represented by Keith, Bigham and Markley.

The accident occurred a short distance south of Fairfield, according to the complaint. Several of the defendants allege injuries which they claim may prove permanent and prevent them from gaining employment.

Guardsmen Firing Tank Guns Today

The 104th Mechanized Cavalry Reconnaissance Squadron, made up of units from Harrisburg, Carlisle, Gettysburg and Tyrone, began service practice today at Indiantown Gap, firing its tank guns. Unlike artillery, the mechanized cavalry lays its guns direct on a target and can see from the gun position at what it is shooting, officers of the National Guard pointed out.

During the remainder of the encampment, which ends Saturday morning, the X Corps troops will qualify with small arms, including machine guns, and will fire the bazooka.

Wednesday night the X Corps soldiers relaxed at a dance in the service club.

SCHOOL HEADS LIST SPEAKERS FOR CONVENTION

Speakers scheduled for the annual Adams county school directors' convention, to be held August 5 at the South Mountain fair grounds were announced today as Dr. E. A. Quackenbush, chief of school business; J. K. Bowman, advisor on consolidation and transportation and Dr. H. C. Fetterolf, chief of agricultural education, all of the state Department of Public Instruction.

The three men will speak on various aspects of recent school legislation. Luther M. Lady, president of the county board of school directors, and J. Floyd Slaybaugh, county superintendent of schools, announced jointly today.

In a letter sent to all school directors urging them to attend the session along with their wives and guests, Slaybaugh and Lady announced that the picnic dinner will be served by the teachers and principals of the Upper Adams joint school system with L. V. Stock, supervising principal of the jointure, acting as chairman of the group. The dinner will be prepared at the Arendtsville elementary school cafeteria and transported to the fair grounds by bus.

For attendance at the convention-picnic, the school directors will receive \$8 plus mileage at the rate of six cents per mile.

In order that the foods committee may know how many for which to prepare, all school directors are asked to notify the county office whether they plan to attend prior to July 28.

The convention will be held regardless of weather, Slaybaugh said.

Dicks' Dam Welfare Association Elects

William C. Chronister Tuesday night was elected president of the Dicks' Dam Welfare Association at the annual meeting held at the home of Cecil McClarin. About forty members were in attendance.

An appeal in the case of Ray H. Simmons was made to the U. S. Supreme court this morning by Attorney Thomas Caldwell, the Associated Press reported. Caldwell is now scheduled to formally appeal to Governor Duff for a stay of the scheduled execution in September until after the Supreme court makes its decision.

The Pennsylvania Supreme court Wednesday afternoon turned down a request by attorneys for Ray H. Simmons, convicted hammer-slayer of Herbert L. Humpert, elderly Tyrone township farmer, for reargument of the case.

Thomas D. Caldwell, of the law firm of Caldwell, Fox and Stoner, Harrisburg, representing the Mechanicsburg R. D. man in the attempt to save him from death in the electric chair, indicated immediately after the court's decision was handed down at 4 o'clock Wednesday afternoon that he will appeal immediately to the United States Supreme court. He planned to make the appeal at Washington today.

Caldwell had based his latest move in the efforts to secure a new trial for Simmons on three recent decisions of the U. S. Supreme court involving the taking of testimony for a confession while the defendant is in custody and before he is officially charged with the crime. Caldwell claimed the "confession" or statement in the Simmons case was taken by police prior to the time that Simmons was formally arraigned on the charge and was taken before Simmons had been informed of his right of refusing to make a statement.

Claim Hardships

Caldwell also claimed, in his argument before the state Supreme court at Philadelphia, that Simmons had been held for a number of hours without food and water before making his statement to police concerning the details of the claw hammer slaying of the county farmer on March 24, 1947. At the time of his trial here Simmons claimed first that he was held for eight hours without water by police and later during cross-examination said that he had been given no water to drink for four hours, during his questioning.

At Philadelphia were Caldwell and Maurice Yoffe, of the firm of Caldwell, Fox and Stoner, and J. Kennard Weaver, a Philadelphia attorney who recently wrote to the Adams county probation officer requesting that the \$1,310 which Robert Staley, Simmons' accomplice in the Humpert murder case, admitted stealing from the home of Humpert, be returned to Staley because he had "earned the money through his work, etc." Staley received a life imprisonment sentence in the case.

Case Over Two Years Old

The murder occurred March 24, 1947, and Simmons made his statement to police on April 2, 1947, the day after he was apprehended on the charge. He was found guilty of murder by an Adams county court in May, 1947, and sentence was imposed in March, 1948. Simmons' attorneys made their first appeal to the Supreme Court in the fall of 1948 and the case was argued in November, 1948. On January 11 of this year the Supreme Court denied a new trial and upheld the lower court. Later in January two additional motions were made by Simmons' attorneys, one asking a reargument before the Supreme Court and the other alleging that Staley actually committed the crime. Both motions were denied by the court April 22. The motion for reargument refused Wednesday was made earlier this month.

DEATH TOLL AT 7 AFTER LINER CRASHED HOMES

Seattle, July 21 (AP) — Block-long Harney street was like a "carnival of death" today as crowds of curious onlookers milled through the debris-laden area to see the destruction wrought by a crippled nonscheduled twin-engine C-46 airliner.

Police Chief George D. Eastman estimated that more than 30,000 persons jammed the area in a three-hour span last night, less than 24 hours after the plane carried its 32 occupants on a death-dealing plunge through power lines and into five southside homes.

Peanut, ice cream and popcorn vendors had a bonanza.

Meanwhile, the death toll stood at seven. Five of the victims were residents of houses struck by the plane. One was a plane passenger and the seventh body, still unidentified, is presumed to be that of a plane passenger not accounted for. The latest death was that of Pete Chumous, 66, of Seattle.

31 Injured

Thirty-one persons were injured. Amos E. Heacock, president of Air Transport Associates, Inc., owners of the ill-fated plane, said last night the company had been cleared by Civil Aeronautics Administration authorities for continued operations.

"Full operations of all aircraft in our fleet has been resumed," he said. The company has four other C-46s in its fleet.

The plane crashed at 10:03 p. m. (PDT) Tuesday when its left engine sputtered, then failed, during a take-off from Boeing Field. It was en route to Chicago.

State police who investigated said that the truck, going west, drove over the center line of the highway and struck the left side and left rear of the Wilkinson car. Wilkinson was driving east. The youngster was brought to the Warner hospital by a passing motorist.

Damage to the car was estimated at \$150 and to the truck at \$25.

BURN VICTIM OVER WORST IN SKIN GRAFTS

By BILLEE WHEELOCK

Philadelphia, July 21 (AP)—Little Melvin Hill "is over the worst" of a series of skin grafting operations to repair the damage caused by a blast of kerosene last December 9.

That was the good word today from the five-year-old boy's doctor, Hans May, who says of his patient: "He's one of the nicest little boys I've ever seen."

Melvin, one of 10 children of Mr. and Mrs. Martin Hill of Flemington, Pa., suffered third degree burns from his waist down as he poked a kerosene-covered shovel into a furnace.

Was "Ghost of a Boy"

He spent four months in Lock Haven hospital before he was brought to Lankenau hospital in Philadelphia last April for a long series of skin grafting operations.

"He was just a ghost of a little boy when he came," Dr. May recalled.

Dr. May said he used skin from the child's own back for the first operations to cover both ankles, legs and part of his thighs.

"Then I ran out of skin," the doctor explained.

To add to the dilemma, part of the area from which the good skin was taken failed to heal because of Melvin's condition.

Used Dad's Skin

Dr. May said in desperation he decided to use the skin of another person, though such grafts, he emphasized do not always take permanently except with identical twins.

Melvin's father, Martin, an employee of a Lock Haven Building Supply firm, volunteered and came to Philadelphia for the operations.

With skin taken from the father, Dr. May said he now has covered almost 90 per cent of the area which needed grafts.

Worst He's Seen

But he emphasized using the father's skin was but a temporary measure, since it usually disintegrates within three to six weeks. However, often it is replaced by the patient's own new skin or by scar tissue, he added.

Hill has returned to his home and stout-hearted Melvin is now able to be up and around a little every day. "His general condition is fine," Dr. May said.

The doctor, author of a book on skin grafting, said Melvin's case is the worst one he ever has undertaken in his years of surgery.

NO CONTESTS FOR PA. COURT

Harrisburg, July 21 (AP)—A primary campaign for the state Superior court today seemed unnecessary for both Republicans and Democrats.

The announcement of Democratic state headquarters here yesterday that Judge Harry M. Montgomery, of the Allegheny county court, would be its candidate for the judicial post practically closed the lists for the September 13 primary.

The Superior court judgeship is the only state-wide office at stake in this year's elections.

Judge William E. Hirt, Republican of Erie, is expected to seek another 10-year term although he has yet to file nominating petitions.

Judge Montgomery was the assistant solicitor of Allegheny county from 1942 to 1943. He was elected judge of the county court of Allegheny county in 1943 and elevated to the Common Pleas court in 1947.

Westinghouse And Union End Talks

Pittsburgh, July 21 (AP)—The Westinghouse Electric corporation and the CIO-United Electrical Workers union have broken off negotiations with a company announcement it is "not in a position to grant a fourth round wage increase."

Westinghouse Vice President W. O. Lippmann said the firm does not feel the trend in the cost of living justifies a wage boost.

"Therefore," he said, "we have said 'no' to the UE's request for a \$500 a year per employee increase."

The union, in negotiations resumed last Monday after a two-week recess, had also asked for shorter working hours, pensions and insurance benefits. Edward J. Matthews, head negotiator for the UE, said the company agreed to reopen negotiations anytime the union saw fit.

KEEP CURTAIN OF SECRECY ON ATOMIC TALKS

By JAMES MARLOW

Washington, July 21 (AP)—Britain and Canada know how to make an atom bomb. Neither has made one. Canada doesn't want to. Britain does. The only one either could make is the old-fashioned, 1946 model.

Neither knows how to make the up-to-date kind that we can turn out now. We've left them behind because this country hasn't shared with them the information on making the most recent model.

The highest government officials here have been having hush-hush talks. From what newsmen can learn those talks are about giving more atomic information to our wartime allies.

A Bit of Mystery

But there's a bit of a mystery in why those talks are occurring at all at this time. Canada says it hasn't done anything to bring on the talks. And an informed Briton here says his country hasn't asked for any information recently. This is the background:

During the war this country, Britain and Canada cooperated in making in the United States the bombs that were dropped on Japan. They shared information then.

Then the sharing stopped—full sharing did—in 1946 when Congress passed the Atomic Energy Act. This act said our government no longer could give any nation—this included Britain and Canada—our most secret information on bomb-making.

Britain To Make One

So, since then, those two countries have received some information from us but have been shut off from the most secret stuff. Now comes a question: How do we know Canada and Britain know how to make a bomb but not the 1949 model?

Robert F. Bacher, former member of the Atomic Energy Commission and physicist who worked on the first atom bomb during the war, told a Congressional committee on July 7 that the wartime cooperation between the U. S., Britain and Canada was quite complete.

He said Britain knows how to make the bomb and is getting ready to make one. But he pointed out that there are long steps between getting ready to make a bomb, then making the first one, then turning them out in quantity.

"Complete Model Change"

Since the British haven't been in on the most recent knowledge of bomb-making, they'd have to start with the knowledge they had when we drew the curtain on them in 1946, or what additional knowledge they have gained in their own work.

But who says we have a 1949 model different from the 1946 one? This statement also was made July 7 before a Congressional committee by Brigadier General James McCormack, one of the top officials of the Atomic Energy Commission.

He said there's been a "complete model" change since 1946. So much for the background:

Refused To Talk

On the night of July 14 President Truman called a secret talk. Some of the biggest men in government took part: Secretary of State Acheson, Secretary of Defense Johnson, General Dwight Eisenhower, members of the Congressional committee on atomic energy.

When they came out of the talk they wouldn't tell reporters what it was about. Later newsmen reported it was about sharing information on the bomb with Britain and Canada, and no one has disputed this.

Again yesterday there was a hush-hush meeting, this time called by the Congressional committee. Again some of the biggest men took part. Again they refused to go into details afterwards.

UNION ACCEPTS HERSHEY PLAN

Hershey, Pa., July 21 (AP)—Some 4,400 workers of the Hershey Chocolate corporation today awaited management's acceptance of a federal-state compromise to avert a threatened strike.

Company officials met in an all-day session at nearby Harrisburg yesterday but there was no word of a decision. Sterling G. McNeese, company counsel, said the conference would be continued today.

Meanwhile, the AFL-Bakers and Confectionary Workers union accepted the compromise yesterday "in order to preserve industrial peace."

The offer was made in Washington at a two-day conference this week of representatives of both sides with state and federal mediators. The issue at stake was whether old and new workers should be required to join the union within 30 days. The recommendation for settlement made by the federal and state mediators.

The stumbling block to management, McNeese said, was that the compromise may require the company to force certain workers, who have resigned from the union, to rejoin it.

YANKEES COOL INDIANS' DRIVE WITH 7-3 WIN

By JACK HAND
(Associated Press Sports Writer)

Larry Doby's "skull" and Joe DiMaggio's hitting have put the cooler on Cleveland's pennant drive — at least temporarily.

Doby drew a fine of an undisclosed amount last night after he was thrown out trying to steal home with the bases loaded and nobody out in the eighth inning. Doby's Cleveland mates trailed the league-leading New York Yankees, 7-3 at the time. That turned out to be the final score.

Lefty Joe Page, who had just replaced "Steady Eddie" Lopat, was having his troubles. He walked Manager Lou Boudreau on four straight pitches to force in a run. He hadn't found the plate in two tosses to Bob Kennedy. Then it happened.

No Excuse For Doby
Doby broke for the plate as Page walked back toward the resin bag. The pitcher whirled and threw to catcher Yogi Berra, who tagged Doby as he dove head first across the plate. Page proceeded to walk Kennedy. Then he found his stuff to fan Jim Hegan and make pinch hitter Ken Keltner ground to Bobby Brown.

There seemed to be no excuse for Doby. Third base coach Steve O'Neill didn't send him in, although the crowd of 75,340 booed him. Doby's club trailed by four runs. It definitely was not any situation for a steal.

Senators Lose
DiMaggio, who lifted the Yanks past Boston when they threatened in late June, drove in three runs with a triple and homer and scored twice as the Yanks again stretched their lead to 4½ games.

The Boston Red Sox dropped 8½ games behind the leaders by bowing to the Chicago White Sox, 8-7. The White Sox won in the ninth on a triple by George Metkovich, two intentional passes and Eddie Malone's outfield fly, scoring Metkovich.

Detroit pushed over three runs in the eighth to shade Washington, 6-5. Johnny Lipton's squeeze bunt single scored Hook Evers with the winning run. Evers led the attack with three singles off loser Mickey Harris.

Brooklyn Slips
Brooklyn lost a full game of its advantage in the National. The St. Louis Cardinals clipped Brooklyn's margin to 2½ games by a 10-inning night game decision over the Boston Braves, 6-4, after the Dodgers lost an afternoon 8-6 verdict to the on-rushing Pittsburgh Pirates.

Ralph Kiner lowered the boom on the Brooks, driving in five runs with home runs Nos. 25 and 26. His second homer came in the top of the ninth with two men on and Brooklyn leading, 6-5.

Lou Klein, one of the three Cards who returned to organized ball from the Mexican league, belted a two-run double off the left field wall that broke up the Boston game in the 10th inning. The Braves routed Howie Pollet with four runs in the second inning.

Phillies Lose
Hank Sauer drove in all the Chicago Cubs' run with two homers and a triple in their 11-inning, 4-3, victory over the Phillies. Sauer, who hit only four homers for Cincinnati, how has 14 as a Cub and 18 for the year. His triple off reliever Curt Simmons scored Andy Pafko who singled in the eleventh.

The New York Giants set a new major league consecutive inning scoring record while whipping Cincinnati, 5-1. By scoring in each of the first three innings, they extended their streak to 14 innings. The old record was 12, set by the Giants in 1923.

Philadelphia at St. Louis in the American league was postponed because of wet grounds.

Interstate League

(By The Associated Press)
The York White Roses committed seven errors last night as they lost to Wilmington's Blue Rocks 8-2 in the Interstate league. Three of the misplays helped the Rocks score a pair of runs in the eighth and two more errors in the ninth plus a triple accounted for the Rocks' final two tallies.

The Harrisburg Senators defeated the Lancaster Red Roses 11-4 in a walking contest. A total of 23 bases on balls were issued by five hurlers with Harrisburg mountaineers holding the edge—12 walks to 11.

The Allentown Cardinals shoved across three runs in the eighth inning to down the Sunbury Reds 9-8. The win kept the Reds a half game ahead of Harrisburg. Wilmington also remained a half game off the Allentown pace but trails Harrisburg by one percentage point.

In last night's other game, the Hagerstown Owls came from behind to defeat the Trenton Giants 5-4.

Yesterday's Stars

(By The Associated Press)

Batting
Hank Sauer, Cubs—drove in all Chicago runs with two homers and a triple in 11-inning 4-3 win over Phils.

Pitching
Dave Koslo, Giants—turned back Cincinnati with seven hits, 5-1, walking none.

"Doc" Blanchard To Play Pro Football

Charlotte, N. C., July 21 (AP)—Felix (Doc) Blanchard, former Army All-America fullback, has announced he will play professional football this season with the independent Charlotte Clippers.

Blanchard, a lieutenant in the Air Force, is stationed at Shaw Field, Sumter, S. C., about 120 miles from here. He said his military duties would allow him to play week-ends and his superiors have no objection.

Blanchard, "Mr. Inside," and Glenn Davis, "Mr. Outside," for the Army, made the All-America teams of 1944-45-46.

WILLIAMS TITLE FIGHT TONIGHT

Los Angeles, July 21 (AP)—Champion Ike Williams gives Mexico's Enrique Bolanos his third crack at the world lightweight crown tonight in a bout billed for 15 rounds at Wrigley Field.

Winner of the first two matches, the negro clouter from Trenton, N. J., is generally favored to turn back the third challenge.

But Bolanos' legion of admirers, here and in his native Mexico, are equally confident their terrors of the prize ring will pull an upset and become the first fighter of his native land to hold an undisputed title.

Matchmaker Charley Mac Donald, a veteran in fight matters, predicted a turnout of 18,000 to 20,000 fans and gate receipts of \$100,000 up.

The fight is being staged for the benefit of a youth foundation founded by comedian Lou Costello.

Referee for the bout, services gratis, will be Jack Dempsey, former heavyweight king.

Sports Roundup

By HUGH FULLERTON, JR.

New York, July 21 (AP)—Red Strader, the football Yankees' coach, admits he's "getting scared already," although the football season still is a couple of months away. "Well, not exactly scared," Red adds, "but sometimes you think you need a month more to get ready." Maybe he was right in the first place. . . .

The Yankees, a strong club from the start, have had to give up a lot of players—"some of them could make our team"—to strengthen the weak Chicago franchise. . . . Privately, Strader agrees that if the Hornets don't make a go of it this year, they might as well give up. He figures three clubs can't all make money in Chicago and as long as the Bears and Cardinals are on top, the All-American conference might do better to shift the franchise elsewhere. . . . If the conference bosses don't like it—well, a guy is entitled to his own opinion, especially when it costs him players every time there's a reorganization.

BRED AND BETTER
A passenger on the ship that brought the Australian Davis cup tennis team to England was "Miss Australia," a beauty contest winner. . . . As usual on shipboard, one of the amusements was horse racing with mechanical nags, and inevitably Miss A. was selected as one of the jockeys. . . . Davis Cupper John Bromwich grabbed a piece of chalk and wrote the name "Davis Cup" on her horse. . . . And underneath it, like a real horseman, he put the horse's breeding—"Out of America—by September."

Greencastle Wins VFW Championship

Greencastle won the 21st District Veterans of Foreign Wars softball championship Wednesday evening at York, defeating the York team 9 to 4. The Greencastle squad had previously won two out of three from the Gettysburg VFW to win the chance to meet York for the district title. The game Wednesday night had previously been scheduled for the Gettysburg diamond but rain last week wiped out the contest and the postponed tilt was held at York.

McAllister, Greencastle pitcher, had 20 strikeouts in the nine innings and gave up four hits to the York batters. Greencastle had 13 hits during the contest. Greencastle will now play the winner of the Lebanon-Stroussburg three-game VFW elimination at a date to be announced. The games are part of a state-wide series to determine the Pennsylvania VFW title.

Eastern League

(By The Associated Press)

Manager Bill Norman of the Wilkes-Barre Indians set out today to get at the bottom of a dugout dispute that marred the Indians' throttling of the Eastern league leading Albany Senators.

Norman's Ace Negro southpaw, Roy Welmaaker, had fashioned a 10-5 victory over the Senators at Wilkes-Barre last night when the trouble started.

Norman was coaching at third base in the bottom half of the sixth when he suddenly dashed across the field and into the dugout. He came out a few minutes later and signaled Joe Kotrany to warm up. Kotrany took over from Welmaaker at the start of the seventh and worked the last three frames, protecting Welmaaker's 14th victory with a one-hit job.

When the game ended, Norman announced he had called a special meeting for today to investigate.

The Scranton Miners pulled to within two and one-half games of second-place Wilkes-Barre with a 9-2 win over Hartford. The Binghamton Triplets also gained ground, their 3-0 triumph over Williamsport leaving them only one game behind Scranton. The Utica Blue Sox snapped a four-game losing streak by thumping the Pioneers at Elmira, 11-6.

The Albany Senators and an aged 17-game winner have turned the Eastern league race into a rout. The Senators and 44-year-old Plinger Orle Arntzen blasted the Scranton Miners, 16-4, last night to run Albany's margin over second-place Wilkes-Barre to 14 games.

The defeat dropped the Miners 16½ games off the pace. Ben Flowers was the victim but three other Scranton hurlers also took their bumps in the 18-hit Albany barrage.

Arntzen didn't yield a hit until the sixth. He might have escaped with a shutout save for Fred Lanifer's fumble of a potential side-retiring double play ball in the ninth. It was the Senators' eighth straight victory.

The Binghamton Triplets handed the Pioneers a 7-1 thumping at Elmira to move within one game of the third-place Miners. Williamsport came within shouting distance of the first division by beating Utica 5-4 and 6-2. Hartford took a pair from Wilkes-Barre, 7-4 and 7-2.

Bangaway Favored For Hambletonian

Saratoga Springs, N. Y., July 21 (AP)—Bangaway, a fast stepping son of Volomite, today was cast in the role of favorite for the \$67,000 Hambletonian at Goshen August 10.

He beat 10 of the nation's top three-year-old trotters, including eight other Hambletonian hopefuls, in winning the \$10,000 Saratoga trot last night.

Bangaway, owned by C. M. Saunders of Toledo, O., took command at the three-quarter pole and won going away in 2:06 1/5. His leading rival, Martha Doyle, was three lengths back for second. Crowbow finished strong for third.

The win, third straight major stake triumph for Bangaway, rewarded backers with \$5.00, \$2.60 and \$2.60.

The Gettysburg Softball league's special rain schedule got underway Wednesday night, with three games held at the recreation park and fans were treated with softball from 6:30 until 11 o'clock. Most of the several hundred present held out for the full four and a half hours of the various contests.

Starting off the night of ball games, the veterans organizations batted themselves into a tie by the end of the regulation seven innings. In the eighth, with one out, Stan Weaver blasted out a hit to score Hixon and give the Veterans of Foreign Wars a 7 to 6 victory over the Lentz Legion post.

The league-leading Genn L. Bream garage squad had little trouble disposing of the Texas Lunch outfit 11 to 1, and the Moose gave Lentz Legion its second defeat of the evening, by the score of 11 to 7.

Due to rains which wiped out last week's schedule, three games are being held tonight at the recreation park in an attempt to get caught up with the postponed contests. As a result one team will be playing two games each night during the special schedule. The Lentzmen were the first squad to try the double-header program.

Sawdust and sand sprinkled about the field in the attempt to dry it out in time for Wednesday's contests proved successful despite a light shower about an hour before the first game was scheduled. The field was slippery, however, causing some players to perform occasional wierd contortions when their footing gave out under them as they attempted to make a play.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO

Miss Indus G. Oyler Becomes Bride of Dr. William C. Basehoar: In a pretty home wedding ceremony, Miss Indus Gwendolyn Oyler, youngest daughter of Mr. and Mrs. J. Edwin Oyler, became the bride of Dr. William C. Basehoar, Gettysburg dentist, son of Dr. and Mrs. C. S. Basehoar, Carlisle, Saturday evening at 8 o'clock.

The Rev. Earl J. Bowman officiated in the absence of the Rev. Edward H. Jones, pastor of the Presbyterian church. Nearly 200 guests were in attendance.

Hartley-Mumper Nuptials Performed in Philadelphia: Miss M. Elizabeth Mumper, daughter of Mr. and Mrs. Clyde E. Mumper, South Stratton street, and Robert C. Hartley, son of Howard C. Hartley, Carlisle street, were married in Philadelphia Saturday noon by the Rev. J. Harold Mumper, a cousin of the bride.

Miss Edith M. Minter, of Gettysburg, and A. Stover Small, of Chambersburg, were the attendants.

Residence Is Sold: The home of Clarence Cromer, Carlisle street, has been purchased by the Misses Mary and Sarah Rummel, Carlisle street. The consideration is said to have been \$10,000. Mrs. Cromer will continue to reside at the place.

Texas Girl Is Bride of Countian: Mr. and Mrs. Charles L. Taylor, of Biglerville, announce the marriage of their niece, Miss Herma Louise Black, of El Paso, Texas, to Glenn McCauslin, of Biglerville. The wedding was performed by the Rev. John Rupley, of Westminster, on Monday.

Return from Conference: John D. Lippy, Sr., and Edmund W. Thomas, president and secretary, respectively, of the Gettysburg Rotary club, have returned from Frederick, where they attended a conference of Rotary presidents and secretaries.

Loughran Wins Title Battle: Yankee Stadium, New York, July 19 — Tommy Loughran, in a masterful exhibition, successfully defended his world's light-heavyweight championship last night by decisively outpointing Jimmy Braddock, young Jersey challenger, in 15 rounds. The champion won the unanimous decision.

The best available estimates were that not over 20,000 or 25,000 spectators would witness the main go and that the "gate" would fall below \$100,000, the smallest for any championship fight of importance here in years.

Crouse Home on Broadway Sold: Mrs. Mary J. Crouse sold her home on Broadway to the Rev. D. W. Woods, Freedom township, pastor of the Lower Marsh Creek Presbyterian church. The consideration is said to have been \$12,000.

The Crouses plan to move to Cape May, New Jersey. The transfer was made by C. A. Williams, Hanover street.

On Fishing Trip: Fred Hachlen, Roy W. Wentz, Matt A. Fields, Ralph Z. Oyler, H. H. Miller, H. T. Jennings, Dr. E. H. Markley and Edgar Markley spent Wednesday and Thursday fishing at Solomon's Island.

Cottage at Marsh Creek Heights Sold: The cottage at Marsh Creek Heights, formerly owned by the late C. William Beales, has been sold by G. R. Thompson, Baltimore street, to Charles F. Seegar, Frederick.

The transfer was made by P. W. Stallsmith, Center square.

Today's Talk

THE STILL SMALL VOICE

There is no voice in all the world so calming, so peaceful, so nourishing to the soul, as the still, small voice of Nature. You get it from the break of water along the shore, from the wave of the pines, and from the soft murmur of the forest.

You get this voice, unexpectedly, when you are in the mood to engage it, and take it into your consciousness. You also get it at night time, whispering to you out of the blue of the day's experience. You get it from a reverent observation of the heavens, spotted endlessly with jeweled stars on a clear night. Each star seems to have a silent message of hope and promise.

Even in suffering and sorrow this still, small voice may be heard, with its comforting words of cheer, and its urge of courage. And when fear is near, its whisper is like the immediate presence of a troop of angels, transported for your protection alone. In the out-of-the-way places, into little cottages among the hills, and among the poor and distressed, as well as into the homes of the well-to-do, this same still, small voice is an habitual visitor. Heed it and you will enter its own spiritual realm.

At times this still, small voice may be but the voice of conscience, or of the invisible Good. We never quite know, but we hear it, and it is often the guide by which we overcome great obstacles, and are advised as to the road ahead—in safety.

This still, small voice is often an inner voice—in man or woman—hoping for a clearer understanding of oneself. Courting inward friendliness. How much happier we would be if we but listened to this voice and took it to heart. We could go anywhere and feel the charm of its comfort, and its wise understanding.

"Amid the clang and sirens of our age" you may detect this still, small voice in many a mind devoted to the betterment of mankind. That mind may be the one of a great writer, a poet, or a public servant. But there it is, doing its silent mission, regardless of all outward fear and signalling of storm and stress.

Tomorrow Mr. Adams will talk on the subject: "The Dictionary."

FLOODS CAUSE NEW PROBLEMS IN EMMITSBURG

Emmitsburg's board of commissioners and burgess will have a new problem dumped in their laps at their forthcoming August 2 meeting because of flooded conditions in the borough during the past week.

Residents of North Seton street said today they plan to appear before the commissioners to seek town help in cleaning the channel of the branch of Flat Run located to the rear of their properties on the west side of the street, and which turns into a raging torrent when heavy rains fall.

Richard Rosensteel, Roger Zurgable and other residents of the street made the claim that it was not Flat Run which flooded the Gettysburg-Emmitsburg road twice within the past ten days, but the small branch which, since it has no deep bed to confine it, pours thousands of gallons of water out across the road and halts traffic, besides causing damage to the gardens, chicken houses, fences and the like at the rear of the Seton street residents' homes.

Flat Run No Problem

They pointed out that Flat Run's channel is deep and flows under the bridge easily and that even during heaviest rains the water does not flow in large quantities across the Gettysburg road at the bridge. Silt over a period of years has, however, completely clogged the small branch stream, it has no proper outlet into Flat Run, and as a result when the heavy rains pour tons of water into it along its course from the mountains through the town to Flat Run, the tiny stream becomes a raging torrent and tears out gardens, rips down fences and, near its junction with Flat Run, heads directly into the road at the south end of the bridge, thus flooding the bridge and road and preventing the passage of traffic.

They claim the borough could supply help in cleaning out a bed for the stream through the town and could seek the aid of the state in dredging a proper entrance for the stream into Flat Run.

The town had two unhappy experiences with the power of rainfall to turn the stream into a hazard within the past few days. On Monday a little over an inch of rainfall sent the stream over its banks. And six days earlier, on last Tuesday, six inches of rain sent the stream into a flood several feet in depth over the bridge.

12 Inches Of Rain
Approximately 12 inches of rain fell during the past ten days in the Emmitsburg area, causing the streams to be at peak level and spill over twice. The official weather station at Mount Saint Mary's college reported that amount as falling. In addition it reported some damage at Mount Saint Mary's as a result of the rainfall.

An overflow pipe in a stream near the college became clogged as a result of the heavy rains and water has poured through parts of the bakery and dairy buildings at times, causing some damage.

The large outdoor swimming pool has been out of commission for at least a week, it was reported Tuesday. The big pool has been flooded on several occasions and a large amount of mud has washed into it.

The worst of the rains came last

SEEKING FUNDS FOR AMBULANCE

July has been designated as Ambulance Maintenance Fund Drive Month. Jars have been placed in all business and public places in town and surrounding community and all citizens are asked to be generous.

The local ambulance was purchased February 20, 1948 by the Emmitsburg Memorial Post No. 6658, Veterans of Foreign Wars. Drivers are available 24 hours daily. These drivers, besides their army first-aid course, have received an additional first aid course conducted by the Maryland state police. The Emmitsburg Memorial post wishes to express its appreciation to the Sisters of Charity of St. Joseph's college for taking care of all laundering services for the ambulance; to the Emmitsburg Fire company for housing the ambulance and to Sperry's garage for temporary housing of the ambulance due to the fact that the fire company building is undergoing repairs at the present time. The above services, offered free of charge, relieve the post of a considerable annual expense. The post wishes also to thank all those who contributed to Free Ambulance Service in the community. The fund drive last June netted \$248.75; donations to date \$435.34. Total operating expenses were \$1,593.78.

ECONOMY HINTS ARE DROPPED BY SENATE GROUP

By EDWIN E. HARRISON
Washington, July 21 (AP)—A Senate committee report laid down some detailed advice to the armed services today on how to save millions of dollars.
Fewer flying hours for Air Force and Navy pilots assigned to desk jobs could save \$50,000,000 or perhaps more, the report said.
It also asked removal of extra gadgets from jeeps and trucks and questioned spending \$150,000 apiece for a new type 8-ton truck. It also expressed some doubts about a \$238,000 gun.
Calls Closed Session
The list of economy hints and directives back up the Senate appropriations committee's drive to slash \$1,118,736,322 from the \$15,908,000,000 previously approved by the House. This covers Army, Navy and Air Force costs for the fiscal year that began July 1.
A copy of the detailed report was made available to a reporter before Chairman Elmer Thomas (D-Okla.) filed it with the Senate.
Thomas called the full appropriations committee back into closed session today in hopes of saving another \$600,000,000 to \$625,000,000. He wants to cut back an \$825,000,000 sum previously approved by Congress for stockpiling critical and strategic materials such as metals, rubber, quinine, pepper, castor oil and a long list of other supplies.
Special Targets
The hitherto confidential committee report outlined these particular targets for economy:
1. Reductions in the flying time required for "administrative and proficiency flying by the Air Force and Navy" especially for flying officers on desk jobs. It complained that Air Force "desk pilots" used large two-motored aircraft that cost from \$6 to \$100 an hour to operate. It suggested smaller planes be used and that two pilots take training time together with an estimated savings of between \$20,000,000 and \$50,000,000 a year.
2. A cutback in flying time for Guard and Reserve officers of the Air Force now listed for 125 and 100 hours each year.
Too Many Gadgets
3. The large numbers of Navy shore stations and Army posts.
4. Use of "heavy military-type vehicles for light pick-up operations" was criticized.
5. A proposal to spend \$77,000,000 on a new type of "sky-sweeper" antiaircraft guns by the Army Ordnance Bureau. Because each gun costs \$238,000, senators suggested additional tests.
6. The committee said it "agrees with the House that jeeps and trucks

CORONER'S JURY NAMES SLAYER

Norristown, Pa., July 21 (AP)—Ollie M. Carey, 49, Philadelphia, fired the shot that killed Policeman John T. Mathews of Abington Township June 29 according to the verdict of a coroner's jury.
Carey, arrested in Lynchburg, Va., July 8, was held without bail for grand jury action following the coroner's verdict yesterday.
Frank Cutting, another Abington resident, testified that he saw Carey remove superfluous items from the car.

Township police officer, testified he and Mathews stopped a truck on suspicion June 29. He said Carey was the driver.
Cutting said Carey fled into the woods with Mathews running after him and firing in the air. Mathews was found later, shot through the head.
Articles stolen from a home in the area were found in Carey's car, Cutting said.
Jack rabbits derive their name from their long donkey-like ears. The antelope jack rabbit lives chiefly in Mexico and a short distance north of the border.
Skunks are found only in the new world.

Contract For 105 Planes For Turkey

Lock Haven, Pa., July 21 (AP)—The Piper Aircraft Corporation has a contract from the U. S. Air Force for 105 trainer planes for shipment to the Turkish government.
August C. Eshenwein, executive vice president of the company, announced receipt of the contract yesterday. He said the planes will be used for training purposes by the Turkish air force.

DUFF REFUTES CHARGES MADE AGAINST CAMP

Harrisburg, July 21 (AP) — Gov. James H. Duff today discounted as a "complete phony," charges that the state-operated Camp Penn for boys "is more like a detention camp."

Richard C. Vincent, of State College, made the charges yesterday in a mimeographed letter to the governor and state newspapers. Vincent is a research assistant at the joint college-navy ordnance laboratory at the Pennsylvania State college.

The letter claimed that the boys were awakened in the middle of the night to do calisthenics and that many of them were running away

because they disliked the camp.

"You cannot run a boys' camp like an army recruit depot and expect the boys to like it," Vincent said. "The boys were supposed to have won a good citizenship prize in order to go to Camp Penn."

"Actually, Camp Penn is more like a detention camp."

Vincent said he was told by a boy whom he took home last Sunday that the food "was not bad to eat but they were not given enough to satisfy their hunger."

Duff, in reply to the food question, told reporters:

"A Complete Phony"

"This letter, in my judgement, is a complete phony. I have dropped in for meals without telling anyone I was going to be there. I find the eating not only O.K. but genuinely good. In my opinion, if anyone complains about the meals at the camp there is something wrong not with the meals, but with the person who complains."

As to Vincent's other charges,

Duff referred questioners to Maj. Gen. Frank A. Weber, camp commander and state adjutant general, at the project, at nearby Indiantown Gap.

There, Weber termed Vincent's charges a "malicious lie" and told reporters: "The only statement I am going to make is—there's the camp; there's the boys; write your story. If Vincent is right, I am wrong."

115 Went Home

He added that 115 of the 2,500 boys here a week ago today had gone home because of homesickness. Another 35 were taken home by camp officials because, he said, "they were bad boys."

Established by the 1949 legislature on a request by Duff, Camp Penn was designed for youth who would otherwise be unable to attend a camp. The boys were selected by local school authorities and civic groups.

They are being given a round of organized recreation and studies in Americanism. All are supplied with complete outfits which become their property at the close of camp. They sleep in barracks at the military reservation but carefully segregated from National Guardsmen in training at the Gap. Councilors are assigned to every 20 lads.

Used As Discipline

The boys were enthusiastic for the most part when asked how they liked the camp. Asked whether they had been required to do any calisthenics in the middle of the night, a half dozen boys had not heard of anything of the sort.

A Red Cross instructor said that in one barracks a few boys, who refused to quiet down and allow other boys to sleep, had been ordered outside to do calisthenics until they agreed to abide by the rules.

Littlestown

The home of Mrs. Gertrude Lindaman, East King street, was the scene of a birthday party on Wednesday afternoon, which was given in honor of the fourth birthday anniversary of her granddaughter, Carol Ann Opydyke, Brewster, N. Y. Games were played and refreshments served. A decorated birthday cake occupied the center of the refreshment table. Carol Ann was the recipient of many gifts. Children present at the party included Marietta and Jill Weikert, Judy Thomas, Nena Jane Luckenbaugh, Patsy Eaves, Barbara Opydyke and the guest of honor, Carol Ann Opydyke. Also present were Mrs. Wilbur Opydyke, Jr., Mrs. Gertrude Lindaman, Mrs. Paul Luckenbaugh and Mrs. William Thomas.

Mr. and Mrs. Wilbur Opydyke, Jr. and children Barbara and Carol Ann, Brewster, N. Y., are spending their vacation with Mrs. Opydyke's mother, Mrs. Gertrude Lindaman. Littlestown baseball officials have announced that there will be an Adams county league game tonight on the Littlestown Memorial field at 8:45 o'clock between New Oxford and Littlestown.

Twenty-one members attended an out-door meeting of the Brotherhood of St. John's Lutheran church Tuesday evening on the parsonage lawn, West King street. The opening devotions were in charge of the pastor, the Rev. Kenneth D. James. President Walter Yingling was in charge of the meeting. Robert Spangler presented the secretary's report and Raymond Rineman, the treasurer's report. A sum of \$149.75 was turned over to the organ and improvement fund of the church. This money represents the proceeds from the Brotherhood play, "Aaron

'LONELY HEARTS' TRIAL GOES ON

New York, July 21 (AP)—Hawaiian-born Raymond Fernandez, who admits he wooed and wed lovelorn women as a business, returns to the witness stand today to continue his

story of cross-country romancing. He and his 185-pound sweetheart, Mrs. Martha Beck, 29, are on trial for the "lonely hearts" murder of Mrs. Janet Fay, 66, an Albany, N. Y., widow. They face similar charges for a double killing in Michigan. Before a courtroom jammed with women, the 34-year-old Fernandez yesterday recited details of his affairs in such intimate terms that at one point a woman spectator fled from the room.

Some women jurors closed eyes, and one covered her face with her hands.

Fernandez, telling of the strange union between him and Mrs. Beck, paused once to ask permission "from Martha" to tell the story of their relationships. His bulky co-defendant said, "go ahead. Tell it."

Fernandez then described various abnormal sex acts that marked their lives together. The bond that linked them, he related, was unbroken by his romances with other women. But he spoke of Mrs. Beck's intense jealousy during periods when he was courting other women, and told of numerous attempts by her to commit suicide.

Jack rabbits can leap at speeds of 30 to 35 miles an hour when frightened.

Mr. and Mrs. J. R. Hildebrand, Dahlgren, Va., spent Sunday with the former's aunt, Miss Adele Hildebrand, Bowman apartments, Center square. Mr. Hildebrand is stationed at the naval base at Dahlgren.

Miss Dolores Hawk, daughter of Mr. and Mrs. Edward F. Hawk, East King street; Miss Mary Jane Bair, daughter of Mr. and Mrs. Cletus Bair, near town; and Elmer Gall, Park avenue, have completed their six weeks summer course at Shippenburg State Teachers' college and returned to their respective homes.

It's too late NOW!

Destructive wheel misalignment and unbalance destroyed these tires—the drivers didn't know anything was wrong—until it was too late.

When unchecked, destructive wheel conditions do much other damage. They cause excessive wear to steering gear and steering connections; king pins and king pin bushings; spring shackles, shock absorbers and wheel bearings.

Like sneak thieves, destructive wheel conditions rob you of SAFETY and make the car old before you suspect anything is wrong.

That is why it pays to have us check Wheel Balance and Wheel Alignment regularly. We detect and correct destructive wheel conditions before serious damage occurs. Drive in and see how it's done.

Senate Votes Today On North Atlantic Pact Amid Atomic Secrets Dispute

TREATY FOES
ASK IF ARMS
MEANS A-BOMB

By DON WHITEHEAD
Washington, July 21 (AP)—The Senate came up to a vote on the North Atlantic Pact today amid a stormy wrangle over sharing atomic secrets with 11 other nations.

Treaty foes demanded to know whether arms for Europe will mean giving the atomic bomb—or atomic secrets—to the Atlantic allies.

"We've got to have an answer before the treaty is ratified—not after," Senator Wherry (R-Neb) told reporters. The final treaty vote is scheduled late this afternoon.

Must Decide On Aid

Senator McMahon (D-Conn), chairman of the Senate-House atomic Energy committee, told the Senate last night that treaty approval will not obligate the U. S. to give the atom bomb or atomic secrets to Pact nations.

The precise nature of military aid to be given to Europe must be determined when Congress acts on a proposed arms-for-Europe program, McMahon said in answering a question by Wherry.

Senate leaders said they were confident that even the atomic issue will not halt overwhelming approval of the treaty. They estimated no more than 15 votes—and perhaps less—against the pact.

The first show-down ballot was due shortly after 4 p. m. EST, on a treaty reservation sponsored by Wherry, Senator Taft (R-Ohio) and Senator Watkins (R-Utah).

Amendments First

This reservation says it would be the understanding of the United States that Article 3 of the treaty carries no obligation to supply military aid to pact nations.

Pact critics say Article 3 would obligate this nation to re-arm western Europe, if it is not made explicitly plain that it does not. Supporters of the treaty deny there is any such commitment and call the reservation unnecessary and unwise.

Then the Senate is scheduled to vote in quick order on two other Watkins' reservations. One would state in brief the United States is not obligated by the pact to defend the North Atlantic area or to use armed force to resist attack until Congress approves. The second would say Congress is not obligated by the treaty to declare war in event of an attack on a pact nation.

Once the amendments are out of the way, the Senate will vote on a resolution of ratification—the act which will instantly pledge the United States to a historic new foreign policy.

Key Points

The treaty—signed in Washington last April 4—will bind the United States, Canada and 10 European nations to resist aggression and unite on a basis of all for one and one for all.

The key points in the 20-year

Miss Janice Harvell (above), 18-year-old blonde from Carolina Beach, N. C., won the title, "Lions Queen of the United States," in a beauty competition held by Lions International which is holding its 32nd annual convention in New York city.

pledge to aid each other in whatever way may be deemed best.

Would Run for 20 Years

Article 5: "The parties agree that an armed attack against one or more of them in Europe or North America shall be considered an attack against them all; and consequently they agree that, if such an armed attack occurs, each of them, in exercise of the right of individual or collective self-defense recognized by Article 51 of the charter of the United Nations, will assist the party or parties so attacked by taking forthwith, individually and in concert with the other parties, such action as it deems necessary, including the use of armed force, to restore and maintain the security of the North Atlantic area."

Again the pact critics argue this section carries an automatic commitment to war if this nation takes action "forthwith" to restore and maintain security. Pact supporters deny any such commitment.

Article 9: "The parties hereby establish a council, on which each of them shall be represented, to consider matters concerning the implementation of this treaty. The council shall be so organized as to be able to meet promptly at any time. The council shall set up such subsidiary bodies as may be necessary; in particular it shall establish immediately a defense committee which shall recommend measures for the implementation of Articles 3 and 5."

treaty are these:

Article 3: "The parties separately and jointly, by means of continuous and effective self-help and mutual aid, will maintain and develop their individual and collective capacity to resist armed attack."

Pact critics say there is an obligation in this section to build up western Europe's military might—and there is danger it may touch off an arms race with Russia.

But the other side says there is no such arms commitment—only a

DENTAL FIRMS
NAMED IN SUIT

Philadelphia, July 21 (AP)—Violation of the Sherman anti-trust laws is charged in a \$450,000 damage suit brought against six dental firms and the president of one of them.

The suit has been filed in U. S. District Court by Joseph H. and Mary W. Locke, Wallingford, Pa., trading as Henry Nelms & Son, Philadelphia wholesale distributors of dental products.

The complaint charges "the defendants conspired to divide the trade into territories and some of them sold as high as 90 per cent of

the acrylic teeth used in the manufacture of dentures."

The plaintiffs also charged the firms "were able to dominate and control the artificial tooth field in the United States." The Lockes claim they were put on a "blacklist" in September, 1948, because they refused to participate in the alleged conspiracy.

Named in the suit as defendants are Just & Son, Inc., Philadelphia, and its president, Henry M. Just, Ardmore, Pa.; the Dentists Supply company, New York; the Climax Dental company, Philadelphia; the S. S. White Dental Manufacturing company, Philadelphia; the L. D.

You'll agree it's a finer, milder, more enjoyable cigarette!

J. WAYNE ADAMS of South Boston, Va., 22 years an independent warehouseman, says: "I've seen the makers of Luckies buy fine quality tobacco that makes a real smoke!" Mr. Adams has been a Lucky smoker for 15 years. Here's more evidence that Luckies are a finer cigarette!

CHILD KILLED

Carlisle, Pa., July 21 (AP)—Francis Erickson, 9, of Carlisle R. D. 1, died in an ambulance here Tuesday night after he ran into the rear wheel of a moving truck in front of his house.

State Policeman George Hamberger said the child died of a fractured skull and legs.

MURPHY KNOWN AS CHAMPION OF INDIVIDUAL

By JAMES MARLOW
Washington, July 21 (AP) — There are mixed opinions on the stature of Justice Frank Murphy, who died Tuesday.
But if any epitaph is needed for him this one would be true: He wrote well and he thought in terms of people.
His opinions had lift and feeling. Compared with some Supreme court opinions that have been handed down, his were clear and easy to read.
It is easy for a man, elevated to the great eminence of the Supreme court, to grow far away from people and think of abstract principles.
Murphy kept his eyes on human beings. He had great concern for the rights of individuals.
This, perhaps, sums up his philosophy as well as anything:
"The immutable rights of the individual, including those secured by the due process clause of the fifth amendment, belong not alone to the members of those nations that excel on the battlefield or that subscribe to the Democratic ideology.
Property of All
"They belong to every person in the world, victor and vanquished, whatever may be his race, color or beliefs. They rise above any status of belligerency or outlawry.
"They survive any popular passion or frenzy of the moment. No court or legislature or executive, not even the mightiest army in the world, can ever destroy them.
"Such is the universal and indestructible nature of the rights which the fifth amendment recognizes and protects when life or liberty is threatened by virtue of the authority of the United States."
He wrote that in a caustic dissent when a majority of the Supreme court upheld a U. S. Army commission's death sentence for the captured Japanese General, Tomoyuki Yamashita, in 1946.
The Washington Post, which today discussed Murphy's place in Supreme court history, acknowledges his concern for the rights of individuals but thinks he falls a good deal short of greatness. It says:
"Was a Crusader
"In spite of his devotion to the cause of civil rights and his humanitarian spirit, Murphy can not be regarded as one of the great men of the American judiciary.
"His special talent was not that

Fire Damages Ice Cream Cone Plant

Philadelphia, July 21 (AP) — Fire starting in an overheated oven swept through the upper section of an ice cream cone manufacturing plant in South Philadelphia Wednesday causing damage estimated at more than \$50,000.
Hundreds of residents, many of whom were unable to sleep because of the heat, watched firemen battle the flames at the Martino's cone plant shortly after daybreak.
James Martino, operator of the plant, said stock worth \$20,000 and machinery valued at \$15,000 was destroyed.
One fireman, Anthony Destefano, was injured.
Fire officials said intense heat melted the gas pipes feeding the ovens and that the pipes continued to spout flaming gas until an emergency crew from the Philadelphia gas work shut off the supply outside the building.
The judge but that of the crusader, and his record might well have been more notable if he had not attempted to reconcile his humanitarianism with a judicial robe.
It's probably too soon to call the shot on Murphy. He was certainly sensitive to the times he lived in when the maintenance of civil rights every day becomes more of an issue.
He'll be quoted from time to time for years by lawyers, which is about the best legal immortality a justice can hope for although the passing years are unlikely to turn him into a giant like Justice Holmes.

BITTNER, CIO OFFICIAL, DIES

Pittsburgh, July 21 (AP) — Van A. Bittner, who looked like a school

teacher but led some of the most far-reaching organizing drives in the American labor movement, died Tuesday night at 64.
The CIO vice president died at Mercy hospital. He had been a patient there since July 7.

He was stricken by a heart ailment several months ago in Atlanta, Ga., while on his last union assignment—the CIO Southern organizing campaign. He was hospitalized for a time in New York city and then returned to his home here.

CIO President Philip Murray who worked side by side with Bittner both in the United Mine Workers of America and, later, the United Steelworkers, expressed deep shock at his death.
"Even though we had known of

his long illness, still his death is a great shock to all of us," Murray said.
The sheer magic of a voice made Bittner a power in labor. He first commanded attention 26 years ago on a little hilltop near a mining town in West Brady, W. Va. There

on August 1, 1923, he exhorted miners to demand their rights.
The spotted skunk is often called the hydrophobia skunk, but has not been proved to be more susceptible to hydrophobia than the common skunk or most other mammals.

U.S. NOT ALONE IN 'KNOW-HOW' ON ATOM BOMB

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

It would be easy to draw false and dangerous conclusions by indulging in speculation about the top-level secret talks being held in Washington on atomic dealings with Britain and Canada.

Are our British friends seeking some boon? Are we so far ahead of them now in atomic developments that they need a report on progress to bring them up to date? Do the uranium mines in the Belgian Congo, said to be controlled by British interests, enter into the picture, inasmuch as Uncle Sam has been getting supplies there?

So the queries go, and inevitably they have intensified speculation in the public mind as to whether Britain has the full secret of the atomic bomb and, more to the point, whether Russia has it. In short, is America still the sole possessor of this terrible knowledge?

Know-How Not Enough

There is wide-spread belief among scientific observers that both Britain and Russia must have at least the theoretical knowledge, as distinguished from the industrial knowledge, or how to make the bomb. One of these experts is my colleague Howard Blakeslee, AP science editor, who has made an exhaustive study of the subject and was present at the historic Bikini tests of the atomic bomb.

America's protection at this time, as Blakeslee points out, doesn't lie in exclusive secrets as to how an atomic bomb can be constructed. Sure England has the know-how, and so does Russia. As a matter of fact many experts say Britain was ahead of America in experiments with nuclear fission when the war came. And since British scientists helped in designing the first atomic bomb, they aren't likely to have forgotten what they learned. Blakeslee goes even further, for he remarked to me:

Where Strength Lies

"Considering the high quality of

Bonneauville

Bonneauville—The banns of marriage were published Sunday in St. Joseph's church between Dolores Staub, a daughter of J. W. Staub, and Walter Kuhn, son of Mr. and Mrs. George Kuhn, of Bonneauville. Mr. and Mrs. Charles Sneeringer of Baltimore visited Mr. and Mrs. Richard Sanders on Sunday. They were accompanied home by the Misses Elaine and Beverly Sanders.

British science, and the fact that they were the largest contributors in developments that produced this bomb, it is entirely possible that the British are actually ahead of the United States in knowledge of how to make better bombs.

As for Russia, at the end of the war she had full access to the studies of German scientists who claimed to have solved the problem of nuclear fission, though they had no industrial equipment with which to manufacture bombs. Communist spies also have been busy since the war seeking information in Britain, Canada and America.

No, our protection doesn't lie in possessing sole knowledge of atomic bomb structure. It lies in the fact that foreign nations, as did Hitlerian Germany, lack the industrial facilities and industrial knowledge for the manufacture of atomic bombs.

If your excess weight is caused by over-eating (and not glandular), the Kyron Plan is designed to act 3 ways: (1) to help appease your hunger, to cut down your appetite automatically, yet you never feel hungry; (2) includes nutritious elements to help maintain your energy while reducing; (3) recommends in package many foods often falsely labeled in ordinary diets as "fattening." Endorsement by your physician recommended.

"I LOST 35 POUNDS IN 7 WEEKS"

—says Mrs. Kathryn Walker

3332 West Potomac Avenue, Chicago
"Kyron results have been absolutely astonishing. I am 27 years old, and have a 7-year-old daughter. When I started using Kyron, I weighed 153 pounds, and felt awfully old and let-down. In 7 weeks, I lost 35 pounds. I used to feel sluggish and always tired. Now I feel so much younger and gayer. My friends and my husband can't get over the change that has taken place in 7 short weeks."

MINIMUM WAGE TALK IS HEARD ALONG POTOMAC

By JAMES MARLOW

Washington, July 21 (AP)—There's a low rumble in Congress again about raising minimum wages.

But whether Congress will really do anything about them, before quitting for the summer and the rest of 1949, is something else.

If nothing happens, it will be another campaign promise of the Democrats and President Truman unfulfilled by Congress.

This is the background: In 1938 Congress passed the minimum wage law. Under that law people working in certain kinds of business had to be paid:

Only Interstate Business
At least 25 cents an hour until 1939, then 30 cents an hour until 1945, and 40 cents an hour after 1945.

That law hasn't been changed since 1938. So the 40 cents an hour, reached in 1945, is still the lowest wage that can be paid people in certain kinds of businesses. For example: Lumber, tobacco, leather, clothing, furniture, food products.

Congress was able to pass the law covering them because the government controls interstate commerce and, since their business crossed state lines, they were in interstate commerce.

But the law didn't cover, for instance, a local drug store that did business entirely within a state. In addition, Congress said that some

businesses which did do business across state lines were not under the law.

Six Times in Three Years
Six times in the past three years President Truman has asked Congress to take notice that living costs have risen and to raise the minimum wage from 40 cents an hour to 75 cents.

About 22,600,000 people are now covered by the law which requires that they be paid at least 40 cents an hour. But of that number only about 1,500,000 are receiving less than 75 cents an hour.

President Truman and his advisers wanted Congress not only to raise the present minimum from 40 to 75 cents an hour but to spread the law to cover a number of businesses not now covered, particularly places like department stores, chain stores and hotels.

They figure that would bring at least another 5,000,000 workers under the protection of the law and give all of them at least 75 cents an hour. It's been estimated that all but 900,000 of the additional 5,000,000 are now receiving at least 75 cents an hour.

A stream of businessmen went

Now She Shops "Cash and Carry" Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Emmitsburg

Emmitsburg—The Indian Look-out Conservation club, a newly organized sports club, under the direction of Harold Hoke, local sportsman, will establish a school for the instruction of young boys in the

before Congress this year, arguing against the increase. But congressmen who support the idea say these are pretty much the same people in general who back in 1938 opposed the minimum wage law in the first place.

Nevertheless there is a lot of opposition in Congress to widening the coverage and some congressmen even oppose flatly raising the minimum to 75 cents.

community interested in sports, which will afford them an opportunity to learn the principles of fishing. There is no charge for this schooling, which started Tuesday evening from 7 until 8 o'clock. Twenty minutes were devoted to each classification of types of fishing, which included fly fishing, bait casting and hunting safety. Equipment will be supplied free of charge to those not possessing the necessary fishing tackle. It is planned to award prizes to those who excel in the sport. Four weeks will complete the school. Instructions will be held at the Community field.

The local playground is open Monday through Friday under the supervision of Miss Mary Fiery, who is on duty from 9 until 11 each morning and from 3 to 5 each afternoon.

Swings and see-saws have been repaired, sand boxes have been filled and the playground has been given a general housecleaning. The playground committee of the local Lions club wishes to thank both the VFW Auxiliary and the local Woman's club for their donations for the playground equipment.
